

2022 EEO PUBLIC FILE REPORT

This EEO Public File Report is prepared for the following radio stations licensed to Schlesinger Communications, Inc. (“**Licensee**”), which compose a single station employment unit (“**SEU**”):

WBLF(AM) (Facility ID 17317), Bellefonte, PA
WBPZ(AM) (Facility ID 37740), Lock Haven, PA
WSQV(FM) (Facility ID 37741), Lock Haven, PA
WQCK(FM) (Facility ID 43880), Phillipsburg, PA
WVSQ (FM) (Facility ID 49266), Renovo, PA

This EEO Public File Report covers a reporting period from December 13, 2021 through March 21, 2022 (the “**Reporting Period**”). The Reporting Period is less than 12 months because prior to December 13, 2021, the SEU met the requirements for the “Small Station Exemption” of Section 73.2080(d) of the FCC’s rules. More specifically, the SEU had a complement of four (4) fulltime employees, which increased to five (5) on December 13, 2021.¹ In addition, although the annual reporting period for EEO Public File Reports for Pennsylvania radio stations normally ends on March 31, this Public File Report is being prepared for uploading to the Stations’ online public inspection files a few days earlier to allow for sufficient time for the preparation and timely filing of the Licensee’s EEO Program Report and the above-identified stations’ license renewal applications.

I. FULL-TIME VACANCIES FILLED DURING REPORTING PERIOD

As indicated above, one full-time position – Program Manager -- was filled during the Reporting Period. The position was filled by an internal promotion of a part-time employee. Because the position was filled by an internal promotion, no other recruitment was undertaken.

II OUTREACH INITIATIVES

Certain ongoing outreach activities of the SEU – a job shadowing program and internship program with students from Lock Haven University and Central Pennsylvania Institute of Science and Technology (“CPI”) – were on hiatus during the first quarter of 2022 due to the Covid-19 pandemic, but will resume on April 1, 2022. The Licensee hosted a job fair with Clinton County Career Link on September 30, 2021 (prior to the Reporting Period, but within the past 12 months).

¹This is the first EEO Public File Report for the Licensee because the Small Station Exemption applied to the Licensee’s stations in all prior years of the Licensee’s tenure as their licensee.
